## January 2009 Ministry Report

Dear Partners,

We are living in the year of the kingdom, and of his kingdom there will be no end. All authority in heaven and earth is given to our King.

Our ministry is doing well by his grace and with your prayers and support. We have now moved into Maharashtra and I have initiated the work at Gadinglodge. A church is being established there. Also our Whitefield church has started a rural work and this is also a church. This year we shall expand to 15 churches and out-reach to 50 villages. A very special work has started in the Almatti sector, with the devdasi community. These are former temple prostitutes and their children who are unaware of their fathers. About 25 of them have turned to Jesus Christ in one village. We are ministering here and this special ministry needs caution and care.

We have started our school of "Mission Training" with a one-day training programme every month. Later this will be extended to two days every month. All the other work is moving as planned and we are reaching out in-spite of opposition. I shall be sending a newsletter by mail to your postal addresses.

### **Pray For**

1. The Lok sabha elections in India scheduled for April this year. Ask for a second term for the present government, and that God's favour will rest on the Congress led government. Pray that the communal forces opposing the Gospel will be divided.
2. That India will remain open to the Gospel

3. Pray that our ministry will be able to fulfill the mandate for 2009, and for an increase in finance flow to cater to the expansion.

4. Please uphold all our workers in prayer.

Do continue your prayer and financial support. Please suggest as to how we can increase our partner base.

Please be assured that we are upholding you in regular prayer, the Lord bless you abundantly.

Shalom,  
colin kyte
