## March 2008 Ministry Report

Dear CCM-I, Partners,

Grace be to you and peace from our Lord Jesus. What a blessing to be serving the Lord together, in these crucial times.

We have come this far because of your faithful support and prayers. This is a year of new beginnings for all. The work that the Lord has started in your lives will be accomplished by the Lord himself. Nothing is impossible with him.

There are some good things happening in the field Please find the report as follows;

1. At Bijapur, our Brother Suresh is working hard. Few more are added to the Bijapur Church. We are preparing some people at Bavikatti, Thanda for water baptism this month. Few more thandas have opened to our ministry. We need one additional full time worker here. Brother Ramu will be joining us next month.
2. At Almatti, the church here is growing steadily and our influence in the Thandas is increasing. This is because of the work of the Holy Spirit. At least 4 people have experienced total deliverance from acute alcoholism and the Word is spreading to nearby thandas, as alcohol is a real menace here. We will circulate the testimonies later.
3. At Bagalkot, a small group meets here every Sunday and Ps. Shastri comes from Almatti to conduct the meeting. These are our faithful believers with whom we started our ministry in 1992. This is very hard ground we need a full time worker here.

4. At Tulsilahalli, Tumkur dist Brother Hanumanth covers 5 villages. There are around 25 believers here and we are to conduct a baptism service this month. I would like the Whitefield church to look after this work.

5. At Whitefield, Saju and Jeena are doing good in their pastoral duties. Brother Sunil is teaching the word there is growth in the church and a high potential for expansion. I am praying about some specific ministry for myself here.

6. At Belgaum, the North Gate Church is established and we are working on the East Gate our vision is to establish both North and East Gate churches this year. One more full time pastor/ evangelist is joining us. We then need two more gospel workers.

My home Bible Study is doing well. We are entering into the final phase of SEVEN Lessons and will conclude our discipleship course of 52 lessons.

We are planning strategic evangelism at Belgaum. The work is becoming more difficult as the communal forces are becoming more active. Please pray about this.

Our ministry is likely to have 10, churches by December 2008.
