May 2008 Ministry Report

Dear Partners,

Greetings from Belgaum in Jesus name,

I am delighted to be writing to you. We are halfway through this year and the Lord told us that this is a year of new beginnings. The new work had started in our ministry. And each ones life it will start unfolding in the second half of the year. Get ready for exciting times.

Our ministry is doing well by the grace of God and with all your support and prayers, you will each be suitably rewarded by the Lord. Be prepared for the breakthroughs you have been praying for. We continue to uphold you all in prayer everyday.

It is now clear that we will cross the double figure of 10 churches this year. After that there is no turning back. The lord has told us that a little one will become a thousand, a small one a strong nation.

Our work with the Lambani people is doing well. Also we have started a ministry with the families of the temple prostitute community. This is also bearing fruit. All our fulltime workers are doing well. Thank you for supporting our work.

The Whitefield church is also expanding into the rural area. Planting a church in the village and this is very encouraging.

I will be sending out a printed newsletter soon. Please keep us in prayer,

For the Kingdom,
colin kyte.
