Belgaum

Dear Partners,

I send you greetings from Belgaum in Jesus name.

We are really blessed as we do not allow the world system to dictate to us, in fact we are the dictators and we overcome the world in Jesus. The global economy can go the way it wants, our source of supply is eternal and can never fail. As you are all linked to the kingdom through your support of the gospel, you will be satisfied even in famine. Do not be afraid of evil tidings but keep your heart fixed trusting the Lord. We still have two months to go this year and they are going to be exciting times because this year is 'The year of new beginnings' for us. What the Lord has started will come to fruition and Testimonies shall arise from your lives. Keep up the support and pray for our ministry. Let the devil know that we are not quitters.

We have seen considerable persecution on the church in India especially in Orissa and the devil raised his ugly communal head even in Karnataka. Our ministry experienced threat at two locations and we had to go for police help at Almatti, but the situation was brought under control and we were in the mode of extensive prayer from the beginning. Some resistance is still felt in the Lambani thandas. No matter what the situation, we have a mandate from the Lord and are committed to **REACH ACCROSS WITH THE MESSAGE OF THE CROSS**. On the 27th on this month, we had our Baptism feast at Belgaum. All our churches participated except Tulsalahalli and Whitefield. We had a day of worship and fellowship and it was a celebration of victory for our Lord as we Baptised 19(nineteen) believers. All were encouraged and 65 of us attended. Sethu and Mansi with 2 friends also joined us. We were also encouraged. Sethu will be sending a detailed report along with photographs.

On 22-23 Dec 2008, we plan to have a **Bethlehem Feast** - a Christmas celebration for our ministry. We desire to bless our Pastors and families with

cash-gifts. If you are led, please send a special offering for this purpose and the Lord will surely reward you.

The next two months I will be in prayer seeking a clear direction from the Lord for the year 2009. Please keep me in your prayer. Our ministry will be expanding into Maharashtra very soon. I will keep you updated.

Good News: Saju and Jeena are blessed with a baby boy. Mother and child are doing fine.

Finally Thank you all for your faithful support and prayers. When the gospel is preached you shall be remembered. We are praying for you all,

A big God bless
For the kingdom of Yeshua,
colin kyte.
